

2016 Manufacturing Day: International Trade

A Snapshot of Monthly Manufacturing Statistics in the United States

Released October 4, 2016

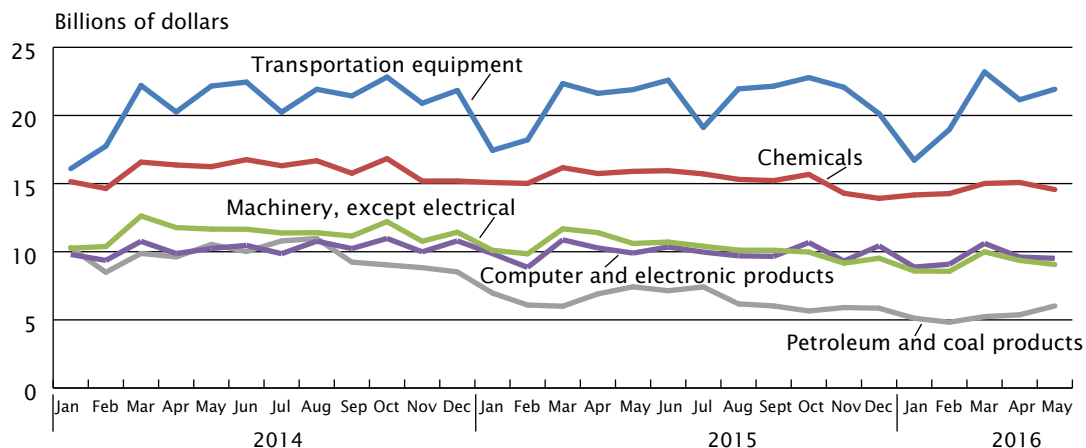

The U.S. Census Bureau publishes international trade data in the U.S. International Trade in Goods and Services Report on a monthly basis. This brief provides a summary of trade in manufactured goods data by various industries from January 2014 through May 2016.

Domestic Exports of Automobiles (Not seasonally adjusted)

Note: International trade data is available at census.gov/trade and usatrade.census.gov. For information on data sources and methodology, see the information section at www.census.gov/ft900.

Top 5 Domestic Exports of Manufactured Goods Categories (Not seasonally adjusted)

Note: International trade data is available at census.gov/trade and usatrade.census.gov. For information on data sources and methodology, see the information section at www.census.gov/ft900.

The top five domestic exports of manufactured goods are displayed in the graph above. Transportation Equipment accounts for about 22 percent of all domestic exports of manufactured goods.
