# Featured Activity: Let's Get the Count Right

1. Fill in the **population** numbers for your class in the chart below.

What is the <b>population</b> of your group?	What is the <b>population</b> of the other group?	What is the <b>population</b> of your whole class?

2. At first, did your group have the right amount of supplies for everyone? (circle one)

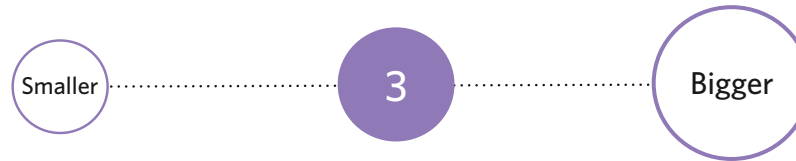

3. When your teacher passed out the supplies a second time, did your group have enough to give one to each person? (circle one)

4. The average household size in the United States is 3. Is your household bigger or smaller than the average? (circle one)

5. Draw a picture of all the people who live in your home.

## Home Extension

Take your worksheet home and share it with an adult in your home. Show them your drawing and make sure they know to count every person in the picture on the census, including you!

Bonus: Share the "Everyone Counts!" song with your parents or other adults in your home. You can listen to the song here: <https://www.census.gov/programs-surveys/sis/2020census/2020-resources/pre-k.html>

## Key Vocabulary

	<b>Population:</b> The number of people who live in an area
	<b>Census:</b> A process of counting all the people in a country, city, or town and collecting information about them
	<b>Survey:</b> Questions to gather information
	<b>Resources:</b> Money and services to help people in the community
